

Muhammad Tahir Mehmood

Computer Science Educator | AI, Mobile & Game Development |
Academic Administrator

+92-343-4021446 | tahir8203@gmail.com | Okara, Pakistan

PROFESSIONAL SUMMARY

Accomplished Computer Science educator with over 10 years of experience spanning university teaching, curriculum design, and academic administration. Specializes in Artificial Intelligence, Mobile Application Development, Game Development, and Software Engineering, with a strong record of turning complex technical concepts into engaging, project-based instruction across programming, deep learning, and mobile computing. Combines active classroom teaching with school leadership experience and published research in deep-learning applications for smart cities.

PERSONAL DETAILS

- **Father's Name:** Muhammad Ameer
- **Date of Birth:** March 31, 1996
- **Nationality:** Pakistani
- **Gender:** Male
- **Address:** Okara, Pakistan

EDUCATION

- **MS/M.Phil. in Computer Science** (2018 - 2020)
Govt. College University, Faisalabad
CGPA: 3.71/4
- **B.Ed. (1.5 Years)** (2018 - 2019)
Allama Iqbal Open University, Islamabad
Grade: A
- **BS (Hons.) in Information Technology** (2013 - 2017)
University of Education, Lahore
CGPA: 3.57/4
- **Intermediate (ICS – Computer, Physics, Math)** (2011 - 2013)
Punjab College, Okara
Marks: 804/1100 (73.09%)
- **Matriculation (Computer Science)** (2009 - 2011)
Tooba School of Science Education, Kohla, Okara
Marks: 856/1050 (81.52%)

TEACHING & ACADEMIC FOCUS

- **Teaching Focus:** Artificial Intelligence, Mobile Application Development, Web Development, Programming, and Software Engineering.

RESEARCH WORK

- **MS Thesis:** “Pavement Crack and Pothole Detection Using Deep Learning”
Developed a CNN-based system for real-time classification of road conditions; published in a W-category journal (impact factor 3.86):
H. Chu, M. R. Saeed, J. Rashid, M. T. Mehmood, I. Ahmad et al., “Deep learning method to detect the road cracks and potholes for smart cities,” *Computers, Materials & Continua*, vol. 75, no. 1, pp. 1863–1881, 2023.
[View Publication](#)
- **Final Year Project:** Image Authentication System
Designed a system for forensic analysis of digital images to verify authenticity using LBP and SVM in MATLAB.

PROFESSIONAL EXPERIENCE

University Experience

- **Lecturer** — *November 2023 – Present*
University of Central Punjab (UCP), Okara Campus
Courses taught: Operating Systems (OS); Digital Logic Design (DLD); Web Development; Mobile Application Development (Android/Kotlin, Firebase, SQLite); Artificial Intelligence (Bayesian Classification, Naïve Bayes, K-NN, K-Means, ANNs).
- **Visiting Lecturer** — *2018 – June 2026*
University of Okara
Courses taught: Computing Tools for Mathematics (MATLAB and Mathematica); Programming Languages (C++ and OOP); Software Engineering, ICT, and Database Systems; Mobile Application Development and Visual Programming.
- **Visiting Lecturer & Head of IT Department** — *2017 - 2022*
ILM College, Renala
Supervised the IT department and guided students on capstone projects.
- **Visiting Lecturer** — *2020, 2024*
Aspire College, Okara
Courses taught: Computer Science; Programming; ICT.
- **Visiting Lecturer** — *2022*
Informatics College, Okara
Courses taught: Computer Science; Programming; ICT.

Government Sector

- **Headmaster** — *July 2026 – Present*
Govt. Elementary School 44/3-R, Okara
Responsible for school administration, academic planning, staff coordination, and institutional duties.
- **In-Charge Headmaster** — *July 2023 – March 2026*
Govt. High School (GHS) 44/3-R, Okara
Handled school coordination, examination support, and academic administration.
- **Secondary School Teacher – BPS-16** — *March 2018 – July 2023*
Govt. High School (GHS) 44/3-R, Okara
Taught Computer Science at the secondary level.

ADDITIONAL ROLES

- Practical Examiner, University of Education Lahore (2019).
- Master Trainer for Monitoring Staff, Grade 5 and 8 Exams (2019).
- Member, District Transfer, Purchase, and Examination Committees.

TECHNICAL SKILLS

- **Programming Languages:** MATLAB, Kotlin, C++
- **Tools & Platforms:** Android Studio, Firebase, SQLite, MS Office
- **Expertise:** Deep Learning, CNNs, Bayesian & Classical ML Methods, Task Management
- **Core Competencies:** Leadership, Curriculum Design, Collaboration, Communication

AWARDS AND CERTIFICATIONS

- **District Topper:** Highest marks (80/100) in the NTS Entry Test for SESE Computer Science jobs (2018).
- **Induction Training:** 08-week IT Teacher/Educator Training Program (2018).
- **Consumer Rights Training:** 1-day training on Right to Information and Consumer Rights.
